RegalRexnord™

Mining Industry Solutions

ENGINEERED FOR HARSH CONDITIONS.
BUILT TO KEEP YOU MOVING.

REGAL REXNORD

MISSION

Regal Rexnord is committed to creating a better tomorrow with sustainable solutions that power, transmit and control motion. For us, this means creating innovative solutions that focus on both customer needs and our commitment to sustainability.

We understand the goals and challenges that the mining industry faces. That's why our wide range of powertrain product solutions aim to maximize user safety while also boosting equipment performance to enhance operating profits and reduce energy costs.

COMPLETE MINING INDUSTRY SOLUTIONS

From purchase and installation to testing, monitoring, repair and overhauls, Regal Rexnord provides outstanding products and customer service. We can help power your business.

Extreme mining environments are notoriously dependent on tough solutions, reliable service, and regional support across the globe. With over 125 years of combined experience, Regal Rexnord delivers customized power transmission solutions for critical mining applications – keeping your extraction, transportation, and processing operations safe, efficient, and profitable.

Our brands provide a complete and comprehensive offering for Battery Haulers, Bucket Elevators, Car Tippler/Positioners, Conveyors, Electric Rope Shovels & Draglines, Grinding Mills, Haul Trucks & Wheel Loaders, Mine Hoists, Slurry Pumps, and more. From gear drives and brakes to couplings, clutches, bearings, belts/sheaves and monitoring systems, Regal Rexnord products are engineered to withstand harsh conditions like dust, dirt, and extreme temperatures to ensure personnel safety and equipment protection.

Your challenges are our top priority. Downtime in mining operations significantly impacts productivity and profitability. That's why our rugged, reliable products and complete powertrain solutions are backed by global engineering expertise, field service, and repair teams – delivering prompt assistance wherever, and whenever, you need it. With locations and trained partners across major mining regions worldwide, Regal Rexnord is your trusted partner for uptime and performance.

Mining Industry Solutions

ENGINEERED FOR HARSH CONDITIONS. BUILT TO KEEP YOU MOVING.

Across the mining industry, each application places unique demands on critical power transmission components. Regal Rexnord supports every stage of the process with a complete portfolio designed to maintain consistent performance, reduce maintenance risk, and help optimize production.

The process map below highlights several of the key applications we support, though it represents only a portion of our mining capabilities. Additional supported applications are listed at the bottom of the page.

At Regal Rexnord, we are committed to creating a better tomorrow through continuous innovation, sustainability, and customer success

As a global leader in highly engineered motion control systems, air moving solutions, and power transmission components we offer sustainable, innovative solutions that ensure efficiency, reliability, and performance.

Integrity, responsibility, and a passion to win is the foundation of who we are. We value our associates, creating a diverse, engaged, and inclusive work environment that drives innovation and excellence. As your trusted advisor we offer unparalleled expertise and support, helping to unlock peak performance and build stronger businesses. Whether through cutting-edge technology or comprehensive service offerings, Regal Rexnord is proud to be a reliable partner in your progress.

We have deliberately curated our portfolio to better serve the evolving needs of our customers and stakeholders through the merger of Regal Beloit and Rexnord PMC, as well as the acquisition of Altra Industrial Motion. Our broad portfolio of components and condition monitoring solutions empower customers to build smarter factories, improve operational efficiency, and lead the future of manufacturing.

With a global presence and decades of deep industry expertise, Regal Rexnord is uniquely positioned to provide comprehensive, integrated solutions that enhance performance at every level. From design and sourcing to installation and condition monitoring, our expert teams are dedicated to optimizing your operations and supporting your long-term success.

Together through innovation, collaboration, and a shared vision for a brighter future, **we create a better tomorrow.**
